Relaxing when you're on the run just got easier, thanks to Sacred Currents' aromatic inhalers, called whiffers. The small penlike devices contain essential oils such as eucalyptus, rose geranium, peppermint, orange/grapefruit and lavender to alleviate anxiety and stress. To use, hold under your nose and breathe in for a few seconds. \$20 each. Call 212-410-1832 or log on to sacredcurrents.com to order.
