Gem dandies

Move over, sachets: Sacred Currents has developed Drawer Gems, crystals scented with aromatherapy potions that transfer to your clothing for all-day effects. Amethyst crystals are imbued with lavender to relax you, while citrine crystals are scented with orange and lemongrass to promote emotional balance. You can stash them with your underwear and socks, but they're pretty enough to display on your desk. \$28, at 212-410-1832.
