NEW IDEAS FOR SUCCESSFUL PRODUCT DEVELOPMENT

CAUGHT IN THE CURRENT

The inspiration of Feng Shui abounds in Sacred Currents' newest products, Bath Balance and enVitalizer. The salt crystals found in Bath Balance are infused with essential oils as well as "life force," resulting in a more therapeutic experience. Available formulas are Relationship, Recognition, Path in Life, New Beginnings and Abundance. The charged water spray called enVitalizer activates negative ions in the air, which can counteract the excess of positive ions generated by electrical equipment, revitalizing the spirit.
